## COMPANY PROFILE

# ABOUT VijayTech & Business Solutions

Welcome to VijayTech & Business Solutions, where innovation meets excellence, and dreams find wings to soar. With a commitment to providing unparalleled business and digital solutions, we stand as your trusted partner in every step of your journey towards success.

## Our Mission

## Our Vision

We're on a mission at **VijayTech** to help businesses like yours understand and meet international standards effortlessly.

As an ISO consultancy, VijayTech envisions a future where businesses not only achieve ISO certification but also thrive globally.

# WHY TO ISO CERTIFY?

Obtaining ISO certification offers numerous benefits for organizations across various industries. Here are some compelling reasons to pursue ISO certification:

## Trustworthy Reputation:

Boost your business credibility, showing clients you meet recognized quality standards.

## Legal Compliance:

Ensure compliance with laws and regulations, reducing legal risks.

## Employee Satisfaction:

Boost morale by fostering a culture of accountability and improvement.

## Environment Responsibility:

Demonstrate commitment to sustainability and ethical practices.

# **INTERNATIONAL ORGANIZATION FOR STANDARDISATION (ISO)**

Certifying your Organization against these standards will demonstrate that your organization is compliant with the requirements and is committed professionally to this area.

# MANAGEMENT CERTIFICATION

Management certification is like a stamp of approval for businesses. It shows that they follow best practices in how they manage quality, the environment, safety, information security, or food safety.

This certification is given by recognized bodies after checking that the organization meets international standards, demonstrating their commitment to doing things right.

**The most common types of management certifications include:**

ISO 9001:2015 (QUALITY MANAGEMENT SYSTEM)

ISO 9001:2015 improves product/service quality, customer satisfaction, and operational efficiency.

ISO 14001:2015 (ENVIRONMENT MANAGEMENT SYSTEM)

ISO 14001:2015 promotes environmental responsibility, reduces waste, and ensures legal compliance.

ISO 45001:2018 (OCCUPATIONAL HEALTH & SAFETY)

ISO 45001:2018 enhances workplace safety, reduces accidents, secure healthier environment and more engaged workforce.

ISO 27001:2022 (INFORMATION SECURITY)

ISO 27001:2022 safeguards your information, minimizes cybersecurity risks, and boosts stakeholder confidence in your commitment to data security.

ISO 22000:2018 (FOOD SAFETY MANAGEMENT SYSTEM)

ISO 22000:2018 ensures food safety, minimizes risks, and enhances trust in your products, securing a reliable and compliant food management system.

# PRODUCT CERTIFICATION

A HACCP certificate is a document that verifies a food business follows the principles of Hazard Analysis and Critical Control Points (HACCP) to ensure food safety.

## KOSHER

A kosher certificate is a document confirming that a product or facility complies with Jewish dietary laws, ensuring it meets the standards for kosher consumption.

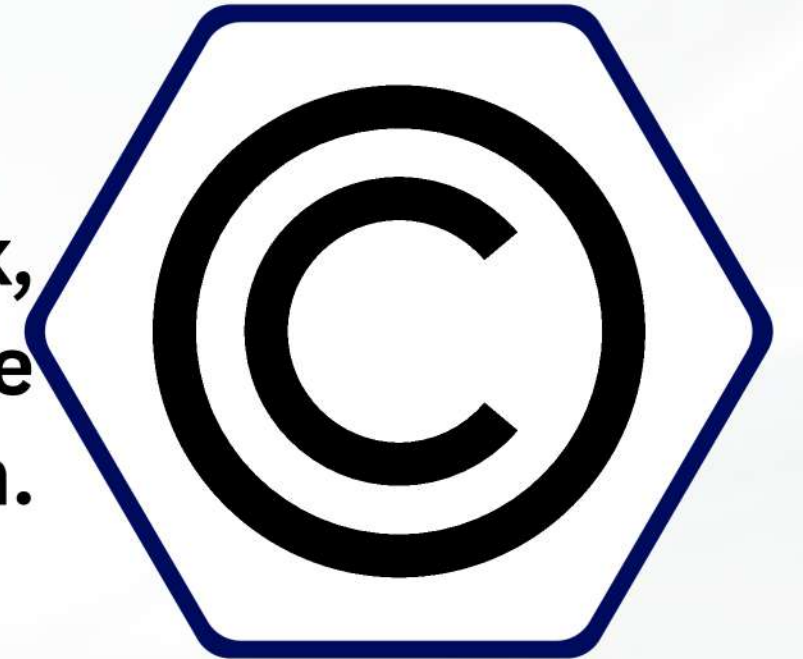

## GMP

A GMP (Good Manufacturing Practice) certificate is a document that confirms a company follows high-quality production standards

# INTELLECTUAL PROPERTY RIGHT (IPR)

Copyright grants creators exclusive rights to their work, ensuring they control its use and distribution while protecting against unauthorized reproduction.

A trademark ensures your brand's unique identity, legal protection, and customer trust, ultimately enhancing your business's reputation and competitiveness.

# COMPANY REGISTRATION

Company registration is the formal process of creating a legally recognized entity by submitting necessary information and documents to government authorities. This establishes the company's legal identity and rights.

**1**  
**PRIVATE LIMITED**

Ownership is in the form of shares, and liability is limited to the amount invested.

**2**  
**ONE PERSON COMPANY**

Ownership is in the form of shares, and liability is limited to the amount invested.

**3**  
**LLP REGISTRATION**

Legal process establishing a Limited Liability Partnership for shared responsibilities, liabilities.

**4**  
**PARTNERSHIP FIRM**

Legal process for individual registration as a business partner in partnership.

# BARCODE REGISTRATION

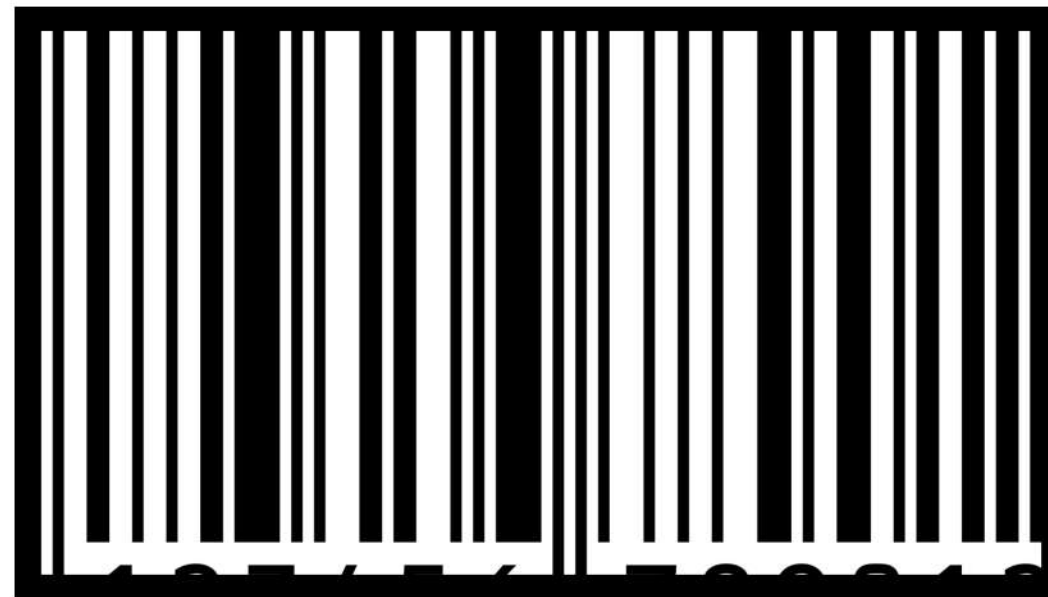

Barcode registration involves the process of officially recording and assigning a unique identification code, known as a barcode, to a product or item.
